Betraying one's own mother as a heroic deed

张红兵

Zhang Hongbing denounced her mother (44), because she criticized Mao at home on Feb. 13, 1970. Zhang (16) called for her to be shot as a counter-revolutionary.

Over 100 torturing methods are being used in prisons and labour camps in China today.

In June 2000, 18 Falun Gong women being held at the **Masanjia** Labour Camp were stripped naked and thrown into prison cells with violent male criminals, who were encouraged to rape and abuse the women.

In December 2012, Julie Keith (Oregon, USA) found a plea for help hidden in the Halloween decorations purchased at Kmart.

They were produced in the Masanjia women's Labor Camp, where the inmates were forced to work 15 hours a day without Saturday, Sunday break and any holidays.

How was it possible that live organ harvesting occurs in China?

- **Dehumanization and the hatred** against Falun Gong are the main underlying factors for the forced organ harvesting.
- **Justification.** Helping to eliminate “**enemies of the Party**”
- **A business of high profit**
- **No risk.**
 - Lawyers are instructed not to defend Falun Gong
 - It is the Party’s order “to destroy [Falun Gong practitioners] physically”

Respect for human life?

Mao

“In rural areas, to kill the **reactionaries**, there should be over 1/1000 of the total population killed ... in the cities, it should be less than 1/1000”

1951

Deng

1989

1999
